visualize innovate create

Prospective digital creatives will be in their element in this course. We'll help you find and develop your creativity and give you the tools and techniques to express it. Our student groups blend filmmakers, web designers, app developers and illustrators into a creative, exciting mix. We look for students with passion and flair, good visual awareness, and an interest in the internet and technology.

This dynamic course will supply you with the practical, creative and technical skills you need to succeed in the digital society and creative industries. It covers everything from digital media, web development, visual creativity and storytelling to design, video, documentary filmmaking and content management, and more advanced subjects in Year 4. Thanks to state-of-the-art Mac labs and digital media hardware, you'll gain first-hand experience of cutting-edge industry tools and techniques. Our academic team is rich in industry and creative experience.
