Professional Profile

Multimedia designer focused on graphic design, web development and interactive experiences. I love creating designs and experiences that are truly unique and new, as well as all the problem solving that comes with the creation. Eager to apply my creativity and work ethic to new opportunities, building on my design and technical skills and gaining experience working in a professional environment surrounded by other creatives.

Education

Bachelor's Degree in Arts **2024 - Present**

Creative Digital Media in Technological University Dublin

Leaving Certificate **2018 - 2024**

Stratford College Dublin

Skills

Professional

- **Adaptability -** respond well to feedback and fluctuating project requirements
- **Creativity & Ideation -** generating original ideas and contributing creative perspectives to projects
- **Teamwork & Communication -** experience working in diverse creative groups
- **Creative Problem Solving -** quickly identifying issues, testing and implementing solutions

Technical

- **Photoshop & Illustrator -** image manipulation, design and layout
- **Premiere Pro -** basic video editing & audio mixing
- **HTML & CSS -** front end web development, with basic JavaScript
- **TouchDesigner -** interactive and reactive live video and image creation
- **InDesign -** page layout and design for print

Projects

Interactive Video Installation "CLAUSTRA"

An interactive video installation that explores our relationship with tech. Ideated the messaging and visual direction of the project. Designed and produced interactive visuals using Touchdesigner. Laid out and presented the installation to an audience of over 100 people. Done in 2026.

Promotional Landing Page "REPLICA"

Designed and developed an award winning mock promo landing page using HTML, CSS and JavaScript. Ideated and designed low and mid fidelity wireframes using Illustrator. Edited and created image content for the site using Photoshop. Done in 2026.

Experience

BIP Erasmus **2022**

Earned the opportunity to spend the week with Cyprus University of Technology on a Blended Intensive Program and put college group work on display.

SMEDIA Award **2026**

Won the Student Media Award in 2026 for "Best Interactive Digital Experience" with my promotional landing page project.

Kitchen Porter **2022**

Tested my organisational and communication skills, as well as providing experience working in a high stress, fast moving environment with a team.
